with YOU in mind

Before becoming NARI Chapter President in 2004 and 2005, **Paul Kraemer**, Senior Risk Advisor for Commercial Insurance at The Starr Group served as President of NARI Foundation. In both positions, Paul recognized the widening gap between positions open for electricians, plumbers, and carpenters and actual qualified people. Talking with NARI members, Paul also noted a number of their businesses were exposed to all sorts of risk ranging from vague contracts to employ-ees cutting corners to save a few dollars.

Upon finishing his term on the board, Paul and The Starr Group worked with Frankenmuth Insurance to create the program especially for NARI Milwaukee that would be beneficial to both members and the Foundation. The reduced risk savings of NARI members would flow back to the NARI Foundation to train new professionals as well as help established businesses purchase much needed equipment.

In 2016, then-NARI Foundation president **Tom Callen** recalled that he was at first skeptical of the idea of donating a percentage of the premium dollars to the Foundation. Since its inception in 2008, the program has donated \$218,299 to the Foundation. Mr. Callen is a self-proclaimed believer in the program.
