

ELEVATED GREEN

Raising awareness & cash for Milwaukee NARI/Foundation

In golf lingo, an “elevated green” is the extremely closed-cropped area where the hole is placed whose surface has been purposely built higher than the surrounding ground. Also known as a “Push-up” or “Pedestal Green”, this landscape makes it difficult to see the target, and challenging for a golfer to make the shot. But thanks to Milwaukee/NARI members, the term has a new and valuable meaning.

Since 2008, **The Starr Group** Insurance & Risk Solutions has been protecting Milwaukee NARI members’ businesses and employees. Through **Frankenmuth Insurance**, a portion of member savings are returned to the **Milwaukee/NARI Foundation**. Each quarter the total dona-

tion increases because safety-conscious members of the construction, remodel and landscape trades are working smarter and safer. As a result the NARI Foundation “green” is being “elevated”.

Again this year, members of The Starr Group were on hand at the annual Milwaukee/NARI Foundation Golf Outing held at the Ironwood Golf Course in Sussex on July 18th. From their tent on Meath 2, the gals from The Starr Group Marketing department live Tweeted and Instagrammed during the event, while

they handed out a “Range Finder” to each golfer who visited during the tournament.

At the end of the day, golfers enjoyed a delicious buffet in the Ironwood “Party Barn”. Silent auctions and raffles were held to raise additional funds for the Milwaukee/NARI Foundation which provides scholarships and money for equipment for those entering the skilled trades.

The Real Headline of the Day

Following dinner, members of The Starr Group made their annual “Big Check” presentation. The total raised to date is \$173,484.90. **This would not be possible without the Milwaukee/NARI members patronage of The Starr Group.** “Thank you to our Milwaukee/NARI clients and their employees! **YOU** are ‘Aces!’”
